HOME LEARNING – Cloud Game

CLOUD GAME

What you need:

- 1 pair of chopsticks per player. Don't have chop sticks? Try pencils or sticks.
- At least 10 cotton balls per player. Don't have cotton balls? You can use scrunched up tissues.

Instructions:

- Use the chopsticks to see how many clouds (cotton balls) you can pick up without using your hands in 2 minutes.
- Too easy? Add more clouds or reduce the time.
- Play with a buddy and take turns to see who gets the most 'clouds'.
- Not only is this fun, but great for building fine motor skills.
